STRIKE FORCE DARTS

MANDATORY WEEKLY DUES & SCORING ACCESS

Official rules and bylaws amendment - October 6, 2026
Legacy-league clarification - October 11, 2026

Firm, non-waivable rule

Every player must have confirmed dues for the current league week and all earlier outstanding regular-season weeks before playing or accessing scoring for that match. Weeks 1 and 2 must both be paid before the league starts. Payment for another league does not satisfy this requirement.

Both sides must be paid

SINGLES: BOTH OPPONENTS MUST BE PAID. DOUBLES: ALL FOUR PLAYERS MUST BE PAID. Each partner registers and pays separately. One player cannot pay only their own dues and unlock scoring while another match player remains unpaid.

Automated enforcement - no manual payment bypass

The Strike Force Darts scoring gate checks the assigned match and every participating player against the private payment records. If required dues are unpaid, unconfirmed or under review, ACCESS IS DENIED. Staff cannot grant a payment waiver or manual bypass through this gate. This is a firm, non-waivable league requirement. Staff may correct documented payment-processing errors; correcting a verified payment is not a waiver of dues.

Website-only score reporting

DIRECT LOGIN TO THE ADA SYSTEM OUTSIDE THE STRIKE FORCE DARTS WEBSITE FOR SCORING PURPOSES IS PROHIBITED. Begin score reporting through Strike Force Darts, verify your player account, select your assigned match and pass the payment gate. Do not use another player's account, share access codes or bypass the required entry path.

Private access audit

Successful gate passes and authenticated denied attempts are logged with the entering player, ADA number, verified email, league, match, week, participants checked and Eastern-time timestamp. A gate pass records authorized access requested through Strike Force Darts; it does not independently confirm that scores were submitted inside ADA.

Scope and playoffs

This provision applies to new Strike Force Darts leagues, including every Vegas Challenge and Economy Express division. Their published no-additional-playoff-fee provisions remain in effect; required regular-season dues must be fully paid for playoff scoring access. Legacy leagues 122-131, including League 131 Ladies, remain under Hope's existing system and their existing rules until retired by the owner.
